## MICHELL'S CANNA ROOTS

(Ready about December 20th)

Our *Canna Roots* are extra strong, with plenty of eyes, are clean and absolutely true to name. They will be found far superior to the cheap southern grown stock, which cannot always be relied upon for trueness to name. Our stock is grown by ourselves in our own Nurseries at Andalusia, Pa., on good soil and is in extra fine shape.

# MICHELL'S FANCY LEAVED CALADIUMS

Fancy Leaved Caladiums

(READY IN JANUARY)

These are grown for us on contract by one of the leading hybridizers of the world. Our list is composed of twelve of the best named sorts, covering a wide range of colors, which are difficult to describe accurately in print.

Wonderful effects can be produced in table or conservatory decorations with these beautifully marked tropical foliage plants. The bulbs should be started in damp moss, somewhat like Begonias, with plenty of bottom heat and an occasional dampening. Do not allow them to get chilled, and at all times grow them in as high a temperature as possible.

See illustration on opposite page at top.

(READY IN JANUARY)

To get the best price for these as plants they should be started in pots just as early as possible to make salable specimens by May 1st, when outdoor bedding begins in earnest. They require little care and are ready sellers, either as a bulb in your store or as a greenhouse plant.

*New Verbena Karl Müller*

## MICHELL'S FINE NEW VERBENAS (Plants)

No one will dispute for a moment the value of verbenas as a summer bedding plant.

These varieties are a remarkable improvement on any that have existed heretofore, everyone of them developed seedlings, type absolutely fixed and true stock being grown from cuttings.

The flower heads are immense with giant individual florets. None of the heads measure less than 3 inches across under normal conditions, while the shades of colors and substance can be duplicated by no other varieties.

If you want the cream of the Verbenas order some of each of these.

## A NEW VERBENA OF SPECIAL MERIT (Norwood Beauty)

A wonderful seedling now fixed in type and color, clear, rich purple, with large white eye, quite fragrant, a continuous bloomer, withstanding practically all summer weather conditions, and a mass of flower from early season till frost.

The giant flower heads stand well above the foliage, making it an ideal bedding variety. Rust proof and a real winner. Strong 2 $\frac{1}{4}$ -inch pot plants ready in January. \$1.25 for 12; \$6.00 for 100. (By express only.)

The above 7 varieties of Verbenas originated with a prominent florist, who has asked us to disseminate them for him. They are the result of a good many years of careful selection and experimenting.

# MICHELL'S CHOICE HYDRANGEAS

## FOR EASTER FORCING

For shipment now or later

The past two seasons we have worked up a large stock of this important florist plant, our list including the standard as well as the more recently introduced varieties.

The plants are all pot grown, having been plunged in frames outdoors all summer and autumn; they are now dormant and in splendid shipping condition. As there will be no spireas for Easter, Hydrangeas are just the plants to take their place.

# "HELEN MICHELL"

## The Wonderful Scarlet Bedding Geranium

Introduced by Us in 1914 and still a leader

**"HELEN MICHELL" IS SEMI-DOUBLE, OF THE CLEAREST POSSIBLE SHADE OF SCARLET, IS EARLY IN BLOOM, AND FLOWERS VERY FREELY DURING THE ENTIRE SEASON**

It grows compact, medium dwarf, with lustrous green foliage and throws up gigantic flower-heads very freely. We claim it to have the largest flower-heads of any of the Bedding Geraniums. The individual blooms frequently measure  $2\frac{1}{2}$  inches across. It is a common occurrence that a single 4-inch pot plant shows four fully open gigantic flower heads, several half open and more in bud. For earliness and constancy of bloom it surpasses all other Geraniums. We further claim that "Helen Michell" is the Best Commercial Geranium in existence.

Please note we can take orders for this variety for delivery now.

### PRICES TO THE FLORIST TRADE

From  $2\frac{1}{2}$ -inch pots, 85c. per doz.; 25 for \$1.25; \$4.50 per 100; \$40.00 per 1000.

Orders are filled in rotation as booked, so order now.

## WIZARD BRAND CATTLE OR COW MANURE

This is carefully selected manure taken from brick-paved cattle pens at Western Stock Yards, where the highest quality of Cattle Manure is available in large quantities. It is kept entirely separate from other manures and is reduced by the Wizard Brand process of direct heat drying and screening, and is packed in coarse, shredded form and in finely pulverized form.

Shredded Cattle Manure is slower acting, and is especially suited to every need of the rose grower for soil mixing, mulching and liquid manuring. It is used by many of the largest rose growers in this country.

Pulverized Cattle Manure is more quick in action and especially desirable for potting, etc. (Prices effective December 1, 1917.)

## WIZARD BRAND PULVERIZED SHEEP MANURE

This is probably the most extensively used of animal manures by the florist and market gardener. The analysis shows it to be a perfectly balanced plant food.

Pulverized Sheep Manure acts quickly and is invaluable for carnations, mums and other crops that require a quick stimulant at certain stages of development or because of unfavorable weather conditions.
